Model 240WM-001
Yellow Wall-mount
Communication Station
w/ LED Strobe and
Panel Light

Model 241WM-002
Silver Wall-mount
Communication Station
w/ LED Strobe

GAI-Tronics 24x Series Wall-mount Communication Station provide a budget-friendly, aesthetically appealing emergency communications package for indoor or outdoor use. Both Model **240WM-00x** and **241WM-00x** series wall-mount communication stations include an integral blue, LED strobe that offers a constant-on feature for easy location of the emergency telephone. The strobe flashes when an emergency call is initiated and remains in that state until the call is terminated. The Model 240WM-00x additionally includes an integral recessed panel light for telephone panel illumination in dimly-lit areas.

Each model will accommodate any standard size, flush-mount series GAI-Tronics telephone (purchased separately). Standard colors include yellow or silver, however, custom colors and/or graphics are available upon request.
